- D. The letter of request must be submitted at least thirty (30) days prior to the planned absence. The thirty (30) day requirement may be waived by the Superintendent in the event of an emergency. The definition of “emergency” is at the Superintendent’s discretion.

3060 Personnel Records

Information about staff is required for the daily administration of the school district, for implementing salary and other personnel policies, for budget and financial planning, for responding to appropriate inquiries about employees, and for meeting the Board's educational reporting requirements. To these ends, the Superintendent shall develop and implement a comprehensive and efficient system of personnel records maintenance and control as follows:

- A. A personnel file shall be accurately maintained in the central administrative office for each present and former employee. These files shall contain applications for employment; and records relative to compensation, payroll deductions, evaluations, and such other matters as may be considered pertinent to the purposes of this policy as cited above.
- B. The Superintendent shall be the records manager for personnel files and shall have the overall responsibility for maintaining and preserving the confidentiality of the files.
- C. All personnel records shall be considered confidential and not open to public inspection, and access to files shall be limited to persons authorized by the Superintendent to use the files for purposes of this policy as cited above. - D. A current employee may have access to his/her own personnel file at all reasonable times (i.e. during regular school hours). making the comment or acknowledged as to the general source of the comment.

3070 Professional Research and Publishing

The school corporation shall maintain proprietary rights to publications, instructional materials, and devices prepared by employees during their paid work time. However, the Board recognizes the importance of encouraging its staff to engage in professional writing, research, and other creative endeavors.

When original materials are developed by employees or staff committees during working time or as part of regular or special assignments for which they are paid, the school corporation shall have sole rights in matters of their publication or reproduction. However, the corporation shall clearly recognize and note the identity of the employee or employees who created the materials.

In situations where the proprietary rights to material is in doubt--as for example, when original instructional materials have been developed partially during working time or as part of a paid assignment and partially during the staff member's own time, arrangements shall be made for the assigning of rights to one or the other party and an equitable sharing of any profits.

However, staff members may use their background of knowledge of the school corporation's programs and operations in professional writing of any type, without the Board claiming any rights to the materials or authority to approve them prior to publication. When such writing mentions the name of the school corporation or one of its schools, the employee is requested to submit the material to the Superintendent for review in advance of publication.

3075 Consulting

Employees cannot receive compensation or reimbursement from a second source unless such work is performed during non-school hours or the employee takes vacation or personal days for this purpose.

3080 Participation in Political Activities

The Board recognizes the right of its employees, as citizens, to engage in political activity. However, the Board also recognizes that school property and school time, paid for by all the people of the school district, should not be used for partisan political purposes except as provided for in policies pertaining to the use of school buildings by civic and political organizations.

Prohibited activities include the posting of political circulars or petitions, collection or solicitation of campaign funds, solicitations for campaign workers, the use of pupils in writing or addressing campaign materials, and the distribution of campaign materials to pupils on school district property or during school time in any matter which would indicate that a school employee is using a position in the school corporation to further personal partisan views on candidates for public office or questions of public policy.

Nothing in this policy shall be interpreted as prohibiting teachers from conducting appropriate activities which encourage students to become involved in the political processes of the party of the students' choice or as independents; nor does it prohibit the use of political figures as resource persons in the classrooms.

3085 Conflict of Interest

A school employee whose dependent (defined as the spouse; child; stepchild, or adoptee under 18 years of age and un-emancipated; or any individual more than one-half of whose support is provided during a year by such employee) works in the same school district under such school employee's administrative control to complete and file with the school district a Conflict of Interest Disclosure Statement for distribution to the appropriate state authorities. In addition, MSDWC has adopted the following policy with respect to school employees in administrative and/or supervisory positions:

- A. For the purpose of this policy a "conflict of interest in employment" arises when an individual would otherwise have the responsibility to make, or participate actively in making, decisions or recommendations relating to the employment status of another individual if the two individuals (the "related individuals") have one of the following relationships:
 - 1. By blood or adoption: Parent, child, sibling, first cousin, uncle, aunt, nephew, or niece;
 - 2. By marriage: Current or former spouse, brother- or sister-in-law, father- or mother-in-law, son- or daughter-in-law, stepparent or stepchild; or
 - 3. Other relationship: A current or former relationship, other than that which ordinarily occurs in the work setting, which would make it difficult for the individual having the responsibility to make a decision or recommendation to be objective, or which would create the appearance, in the judgment of the Superintendent, that such individual could not be objective. Examples include, but are not limited to, amorous or personal relationships, including cohabitation by unmarried individuals or significant business relationships.
- B. For the purpose of this policy, decisions or recommendations related to employment status include decisions related to hiring, salary, working conditions, working responsibilities, evaluation, promotion, and termination.
- C. It is a violation of this policy for MSDWC to employ or continue to employ individuals when one such employee will have a conflict of interest in employment arising from his or her employment duties with respect to another employee.
- D. All employees are required to divulge to the Superintendent the existence of any relationship which makes such employee a "related individual" as that term is defined in this policy, within seven (7) days of the occurrence of such relationship.
- E. Within thirty (30) days of obtaining knowledge of a violation of this policy, the

Superintendent shall remedy the conflict of interest in employment by taking action that may include transferring one of the related individuals to any vacant position within MSDWC which eliminates the conflict of interest in employment. If, in the judgment of the Superintendent, no reasonable alternative exists to resolve the conflict of interest in employment, the Superintendent shall inform the related individuals, and by their agreement, one of them shall voluntarily terminate employment within ten (10) days. If the related individuals are unable to reach mutual agreement as to which individual shall terminate his or her employment, the Superintendent shall take action to resolve the situation consistent with Indiana law.

The Superintendent or the Superintendent's designee shall establish and implement necessary procedures to ensure compliance with this policy.

This policy shall not apply to individuals who (1) are current employees, and (2) were married to each other prior to the date the Board approves this policy.

3090 Reporting of Suspected Child Abuse or Neglect

3090 Reporting of Suspected Child Abuse or Neglect

The Board of Trustees of Metropolitan School District of Wabash County Schools recognizes that school employees may be able to identify abused or neglected children due to their continuous contact with school age children.

Any school employee who has reason to believe that a child is a victim of child abuse or neglect shall immediately make an oral or written report to the Department of Child Services or to local law enforcement. After the report has been made, the school employee shall notify the school building principal that a report of suspected child abuse or neglect has been made to the Department of Child Services or to local law enforcement. School personnel will not contact parents to determine the cause of suspected child abuse or neglect, or otherwise investigate the suspected abuse or neglect.

School employees should be made aware they are required by state law to make the reports immediately. Anyone making a report of a child who may be the victim of child abuse or neglect is granted immunity by statute from any civil or criminal liability.

All records of suspected child abuse or neglect will be kept confidential. The identity of the person making a report will not be revealed to the parent, guardian, custodian, or other person(s) who is responsible for the welfare of the child named in any report.

“Reason to believe” as used in this policy means evidence which, if presented to individuals of similar background and training, would cause those individuals to believe that a child was abused or neglected.

3150 Controlled Substance and Alcohol Policy for Employees

Holding a Commercial Drivers License

The Board of School Trustees of the M.S.D. Wabash County School Corporation recognizes a responsibility to help provide a safe and productive work environment for all personnel. Toward this end, the Board of School Trustees of the M.S.D. Wabash County School Corporation has a particular concern about the adverse effects of substance abuse on an individual's performance, health and safety since it can jeopardize the safety of the individual, co-workers, and the public; impair the reputation of the M.S.D. Wabash County School Corporation and its personnel; and violate state and federal laws and regulations. Bus drivers are expected and required to be in suitable mental and physical condition while at work, performing their jobs satisfactorily and behaving appropriately. When the use of alcohol and other drugs interferes with such expectations, a driver's failure to meet these basic expectations will result in disciplinary actions.

Accordingly, effective January 1, 1995, the Board of Trustees of MSDWC implemented a Controlled Substance and Alcohol Policy in accordance with Department of Transportation regulations. This policy applies to all MSDWC employees who are required to hold a Commercial Driver's License (CDL) to perform their job function. For purposes of this policy only, the term employee or driver will also include any person who operates a commercial motor vehicle or performs a safety sensitive function with a commercial motor vehicle either directly or indirectly for MSDWC or who operates a commercial motor vehicle at the direction of or with the consent of MSDWC. MSDWC will require every such person to provide assurance at least once every six (6) months that he/she participates in an alcohol and controlled substances testing

program that meets D.O.T. testing requirements.

The possession, attempted possession, consumption, attempted consumption, purchase, attempted purchase, sale or attempted sale of unauthorized or illegal drugs or substances, or the abuse or misuse of legal drugs or alcohol on school property, while on school business, or while operating school vehicles and equipment is prohibited. Furthermore, drinking alcoholic beverages during working hours, eight (8) hours before reporting to work or having any measurable amount of alcohol in his/her system during working hours is prohibited, whether on or off school property. Working hours include all breaks. Off-duty use of drugs and alcohol is prohibited to the extent it affects a driver's attendance or performance and his/her ability to pass required D.O.T. alcohol and controlled substance tests. Any violation of this policy is grounds for termination as a driver for MSDWC and possible legal prosecution. For purposes of this Policy, "school property" includes, but is not limited to, all land (including parking lots), property, and buildings owned or leased by MSDWC, including, but not limited to, aircraft, automobiles, trucks, or vans owned or leased by MSDWC.

Since the use of any prescribed or over-the-counter medication can affect behavior and performance, no driver shall report for duty or remain on duty requiring the performance of safety sensitive functions when the driver uses any controlled substance, except when the use is pursuant to the instructions of a physician who has advised the driver that the substance does not adversely affect the driver's ability to safely operate a commercial motor vehicle. Employees must inform their supervisor of any therapeutic drug use before operating a vehicle or performing any safety sensitive function on the vehicle. The employee may be permitted to work if MSDWC determines, in its sole discretion, that such use does not pose any safety risk. However, when such use of drugs poses a potential threat to adversely affect the employee's performance or safety, MSDWC may determine at its sole discretion that it is in the best interest of the employee, co-workers and MSDWC that the employee take sick or vacation days, or, if necessary, unpaid leave, in accordance with MSDWC's leave policies.

MSDWC reserves the right to terminate any employee who violates its Controlled Substance and Alcohol Abuse Policy for CDL holders. Employees who are convicted for alcohol or drug-related charges may be subject to disciplinary action up to and including termination. MSDWC, in its sole discretion, may offer the employee (at the employee's expense) the opportunity to receive appropriate treatment. Should an employee refuse such an opportunity to seek treatment or fail to successfully complete treatment, MSDWC may terminate that employee without further warning.

Under this policy, drivers will be required to submit to testing for alcohol and/or controlled substances as a term and condition of their employment with MSDWC. The following types of tests will be conducted:

1. Pre-employment;
2. Reasonable suspicion;
3. Random;
4. Post-accident;
5. Return to duty; and
6. Follow-up testing.

MSDWC will also implement a Search Policy in conjunction with its Controlled Substance and

Alcohol Policy. Drivers will be provided a copy of each policy and will be required to sign an acknowledgment of their receipt of the policies and their understanding of the policies' contents. Any questions regarding MSDWC's Controlled Substance and Alcohol Policy or its Search Policy may be directed to the Director of Transportation.

MSDWC will also follow and use the Drug Abuse and Alcohol Misuse Training Guide for CDL Drivers and 655 Participants written and distributed by CTTS, Inc. and National Safety Compliance Services Inc.

The individual will be responsible for the cost to the School Corporation for obtaining the expanded criminal history check and the expanded child protection index check.

The expanded criminal history check should be obtained by the Corporation prior to the individual beginning employment with the school corporation, and must be obtained no later than thirty (30) days after the individual's employment begins.

The expanded child protection index check should be obtained by the Corporation prior to the individual beginning employment with the school corporation, and must be obtained no later than sixty (60) days after the individual's employment begins.

The School Corporation is prohibited from hiring an individual who has been convicted of an offense which requires the revocation of a license under state law, unless the conviction has been reversed, vacated, or set aside on appeal.

School officials must communicate with all of the employment references and the most recent employer (if provided) of the applicant recommended for employment prior to the applicant being hired by the School Corporation.

Each individual hired will be questioned about the individual's expanded criminal history check and the expanded child protection index check. Failure to answer honestly any questions related to the expanded criminal history check or the expanded child protection index check may be cause for termination of the applicant.

Any information obtained from any criminal history check and an expanded child protection index check is confidential and shall not be released or disseminated.

Current Employees: To help ensure a safe environment and as required by state law, the Metropolitan School District of Wabash County will conduct an expanded criminal history check on each employee once every five (5) years. The superintendent will be responsible for determining the schedule for conducting the expanded criminal history checks on school employees. The cost of an expanded criminal history check will be the responsibility of the employee unless otherwise collectively bargained with the exclusive representative of the employee.

For the purposes of this policy, "employee" means any individual who is employed with the school corporation and/or enters into a contract to provide services to the school corporation and that individual is likely to have direct, ongoing contact with children as a result of the individual's position.

The School Corporation may also conduct an expanded child protection index check on each employee every five (5) years. The school corporation will be responsible for the costs of obtaining the expanded child protection index checks on all employees.

The School Corporation may conduct an expanded criminal history check on an employee when the Corporation has reason to believe the employee has been convicted of or charged with certain crimes enumerated in state law or an expanded child protection index check when the Corporation has reason to believe the employee is the subject of a substantiated report of child abuse or child neglect.

Each employee will be questioned about the individual's expanded criminal history check and the expanded child protection index check. Failure to answer honestly any questions related to the expanded criminal history check or the expanded child protection index check may be cause for termination of the employee.

Any information obtained from any criminal history check and an expanded child protection index check is confidential and shall not be released or disseminated.

Any entity which has contracted to provide services to the school corporation and whose employees have direct, ongoing contact with children when performing those services for the school must provide the corporation criminal history checks for such employees. The entity and/or the entity's employees will be responsible for all costs associated with obtaining the criminal histories.

All school employees or entities that have contracts for services with the School Corporation are required by state law to report convictions of certain crimes enumerated in state law, including convictions of the "attempted" crimes listed in law, to the School Corporation. The Administration Office shall notify all employees and the entities for contracted services of this responsibility.

Adopted 3/8/16

3210 Family Medical Leave Act

A. Family Medical Leave

1. A number of leaves also qualify as leaves entitled to protection under the Family and Medical Leave Act. All eligible employees will be entitled to the maximum leave allowed, when necessary, under the provisions of either the specific leave section listed in the teacher contract.
2. An unpaid leave of absence up to twelve (12) weeks in duration may be granted to eligible employees for certain family or medical reasons. An employee who has been employed for at least twelve (12) months (need not be consecutive) before the leave request and who has worked at least 1,250 hours during the previous year is eligible for a leave of absence pursuant to this policy.

B. Qualifying Events

1. A family or medical leave will be granted should the need arise for any of the following qualifying reasons:
2. Birth of the employee's child, or the placement of a child for adoption or foster care, and first-year care of the child.
3. To care for the employee's spouse, child, or parent who has a serious health condition.
4. For a serious health condition that causes the employee to be unable to perform his/her job.
5. For a qualifying exigency due to the employee's spouse, child, or

parent being on active duty or has been notified of an impending call or order to active duty in the Armed Forces in support of a contingency operation.

6. Leaves may begin before the birth of a child if a medical condition exists that makes the teacher unable to perform the job, or prior to the placement of a child for adoption or foster care if circumstances require absence from work for the placement to proceed. An employee's entitlement to leave for the birth or placement of a child expires at the end of the twelve (12) month period beginning on the date of the birth or placement.

7. Service Member Family Leave: An eligible employee who is the spouse, son, daughter, parent, or next of kin of a service member shall be entitled to a total of 26 workweeks of leave during a single 12-month period to care for the service member. During the single 12-month period to which this leave applies, an eligible employee will be entitled to a combined total of 26 workweeks of leave under this section.

C. Employee Notice Requirement

If the leave is foreseeable, thirty (30) days written notice is required. If the need for the leave is not foreseeable; the employee must give notice to the office of the Superintendent as soon as possible.

D. Certification Requirement

Any employee's request for leave due to a serious health condition or due to the serious health condition of a qualifying family member must be supported by a timely certification issued by a health care provider. The employee must provide the requested medical certification within fifteen (15) calendar days after the request was made. If the Superintendent has reason to doubt the validity of medical certification, the employee may be required to obtain a second opinion at school corporation expense. Should any variance between the two medical certifications exist, a third opinion, at school corporation expense, may be requested. This opinion shall be final and binding. Failure to submit the required medical certification may result in the denial of the continuation of the leave. Recertification may be required on a reasonable basis. Medical certification shall be on forms provided by the school corporation.

E. Request Procedure

Request for leaves of absence and extensions must be requested in writing and on the prescribed form available from the office of the Superintendent unless impossible due to an emergency.

F. Leave Substitution

Employees may elect to substitute accrued sick or other qualifying leave for all or part of any otherwise unpaid family medical leave. The employee shall make this choice at the time of application of the leave of absence and said choice may not be

rescinded thereafter. If the employee chooses to use his/her qualifying paid leave, it will be counted as part of the employee's twelve (12) weeks of family medical leave entitlement. However, the use of paid leave by the employee under circumstances which do not qualify as family medical leave cannot be counted against the twelve (12) weeks of family medical leave to which the employee is entitled.

G. Maintenance of Group Insurance

During the family medical leave; eligible employees may maintain coverage under the employee's group health plan including employee dental and vision coverage, life, accidental death and dismemberment insurance at the same level and under the same conditions for which coverage would have been provided if the employee had continued in active employment continuously for the duration of such leave. Employees who contribute to such a group health plan must continue to make such contributions during the period of their leave in order to maintain coverage. The employer will prorate the benefit according to the days worked.

H. Restoration to Position and Benefits

Eligible employees returning from family or medical leave within twelve (12) weeks will be returned to the position that they held when they went on leave or they may be placed in equivalent positions with equivalent benefits, pay and other terms and conditions of employment.

I. Return To Work

Employees returning from any form of leave of absence must be able to assume all of the essential functions of their jobs upon return. 3220 Official Use of Social Media Purpose

To address the fast-changing landscape of the Internet and the way students, parents and patrons communicate with and obtain information from the School online. School personnel may consider using social media tools to reach a broader audience. The Board encourages the use of social media to further the mission and goals of the school, where appropriate.

The Board has an overriding interest and expectation in deciding what is "spoken" on behalf of the School on social media sites. This policy establishes guidelines for the official use of social media. This policy should be used in conjunction with (not instead of) the School's other policies.

- A. Responsible Staff Member: As is the case for the School's websites, a particular staff member(s) must be designated to be responsible for the content and upkeep of each School social media site.

- B. Typical Site Approval: A designated building administrator must approve of each social media site, in advance. Staff must use their designated school email account as their registered social media address. This information will then be relayed to the School's Information Technology Director as described later in this policy.

- C. Approval of Sites for Broader Audience: All School social media sites maintained by an administrator and/or designed to address building or district-wide issues will also be subject to approval, in advance, by the Superintendent or designee.

- D. School Sites Belong to the School: All School social media sites are the property of the School, shall remain under the exclusive control of the School, and the content of such sites may be accessed, reviewed, revised, deleted, and/or disclosed by the School, in compliance with applicable law. No staff member has any right or expectation of ownership, control, and/or privacy in any School social media site. Staff members should not create personal or private social media sites that give the impression of being an approved, official, or school-sponsored site. Instead, in such circumstances, staff members should make it clear they are speaking on their own behalf, separate and distinct from the School.

- E. Uses of Social Media Tools: The best, most appropriate School uses of social media tools fall generally into three categories:
 - F. As channels for disseminating time-sensitive information as quickly as possible (i.e., emergency information, last minute schedule changes, etc.).
 - G. As marketing/promotional channels which increase the School's ability to broadcast its messages to the widest possible audience.
 - H. To serve an educational purpose in a better or more effective way than traditional means.
 - I. Wherever appropriate, content posted to School social media sites should contain links directing users back to the School's official websites for in depth information, forms, documents or online services.

- J. Compliance with Other Policies: To the maximum extent possible, School social media sites shall comply with applicable Board policies and other School guidelines or procedures. Any exceptions must be approved in writing by the Superintendent or designee.

- K. Required Monitoring: A successful School social media site requires “babysitting.” The particular staff member designated to be responsible for the content and upkeep of the site is responsible for monitoring the site and all official posts should be approved by that person. At a minimum, the staff member should review the site for monitoring purposes no less than once per week when school is in session and at reasonable intervals when school is not in session. The staff member responsible for the content and upkeep of the site is also responsible for making sure content is not stale and messages receive an appropriate and timely response. A back-up staff member must be designated in case the primarily responsible staff member is unavailable.
- L. Comments: The ability for users or visitors to comment on a School social media site, such as on a Facebook Wall, will be monitored. The school system reserves the right to delete comments on a case by case basis.
- M. Following or Friending: School social media sites should not “follow” or “friend” other users, but exceptions may be permitted with prior written approval of the Superintendent or designee. Of course, School social media sites can have followers and fans.
- N. Content Restrictions: School social media site articles and comments containing any of the following content shall not be allowed: a.) Comments not topically related to the particular social media article being commented upon; b.) Comments in support of or opposition to political campaigns or ballot measures, including partisan political advocacy or promotional lobbying on a public question; provided, however, such limitations do not apply to statements that are solely informational; Profane language or content; c.) Content that promotes, fosters, or perpetuates discrimination on the basis of race, creed, color, age, religion, gender, marital status, status with regard to public assistance, national origin, physical or mental disability or sexual orientation; d.) Sexual content or links to sexual content; e.) Solicitations for personal, commercial, or other non-school related purposes; f.) Conduct or encouragement of illegal activity; g. Information that may tend to compromise the safety or security of the public or public systems; or h.) Content that violates a legal ownership interest of any other party.
- O. Content Removal: The School reserves the right to restrict or remove any content that is deemed in violation of this social media policy or any applicable law or policy.
- P. Site Registration with IT:

- Q. The School's Information Technology Director will maintain a list of all School social media sites, including their addresses, logins, and passwords. Building administrators will inform the School's Information Technology Director of any new social media sites or administrative changes to existing sites.
- R. The School must be able to immediately edit or remove content from social media sites.
- S. Separate Email Account: Each social media site will be set up in conjunction with a separate School-based email account designated by the School's Information Technology Director. That email account will reflect the purpose of the account as opposed to the identity of a particular person (i.e., NHSBoysBasketball@msdwc.k12.in.us as opposed to jdoe@msdwc.k12.in.us). The only exception to this requirement is that a teacher may use their existing MSDWC-based email address to create a social media account that is limited in scope to their own classroom. For example, a teacher may register a Twitter account with their MSDWC-account (i.e., jdoe@msdwc.k12.in.us) for use by the parents of an elementary school class to remind those parents of upcoming tests. Such an account must still comply with all other requirements of this policy, including informing the School's Information Technology Director of the account's existence.
- T. Required Archiving: For purposes of archiving, automatic email notifications of social media activity shall be enabled to the greatest extent possible, directed to the School email account associated with the site, and retained in that account until such time as deletion is permitted.
- U. Identification of Persons: The display of the voice, likeness, or information of any person must be done in a reasonable, respectful, and professional manner and it must be removed upon the request of the individual in question. Moreover, the staff member designated to be responsible for the content and upkeep of the social media site shall ensure compliance with School policies.
- V. 16 .Site naming:
- W. The name of a School social media site should be descriptive of the subject area being
- X. addressed.
- Y. Names will be chosen carefully with consideration for abbreviations, slang iterations,
- Z. etc.

- a. High Standards: The staff member designated to be responsible for the content of a School social media site shall make every effort to use proper grammar and to avoid jargon and abbreviations on School social media sites. Social media is more casual than most other communication tools, but still represents the School at all times.

3240 SCHOOL AGE CHILD CARE PROGRAM-REASONABLE CARE STANDARDS

The use of school buildings, grounds, equipment, and facilities for school purposes shall have precedence over all other uses. The school corporation will contract in writing with a not-for-profit organization or a for-profit organization on an annual basis to provide a school age child care program (latch key program) which utilizes school corporation building(s). The school corporation will request proposals for providing latch key programs as required by Indian law; such proposals must include the organization's fee schedule. Such use is limited to after the school day. Additionally, such organization may use classrooms or other space for students who are enrolled in a half-day kindergarten program depending upon the availability of the space. An organization eligible to contract with the school corporation for a child care program must meet or exceed the following standards:

1. Provide child care for children enrolled in the school's preschool and in kindergarten through sixth (6) grade.
2. Maintain liability insurance to cover participants with \$700,000 per person and \$5,000,000 per occurrence limits.
3. Maintain a maximum child to staff ratio of 15 to 1. Staff, for purposes of determining the child to staff ratio, is defined as any person who is responsible for and directly engaged in supervising children.

No fee will be assessed for the use of school buildings under this policy. However, a fee to reimburse the school corporation for providing security, maintenance, utilities, school personnel, or other added costs directly attributed to the use of the building for the program(s) will be assessed. The Superintendent will develop regulations, fee schedules, and forms to implement this policy.
